INTERNSHIPS

Epicure Robotics   **Bangalore (Hybrid)**
Full Stack Developer Intern   **July 2024 - Aug 2024 (2 months)**
- Developed a mobile app for a Smoothie Kiosk machine using **Flutter**, focusing on a user-friendly interface and integrating machine-specific functionalities. The app allows users to orders smoothies and interact seamlessly with the kiosk hardware.
- Created a commercial website for "The Smoothie Bar" product, showcasing its features and offerings using **ReactJS.**

Skill first labs   **Chennai (Hybrid)**
Full Stack Developer Intern   **April 2024 - May 2024 (1 month)**
- Developed a Learning Management System (LMS) using the MERN stack, featuring course management, user authentication, and evaluation.
- I contributed to the frontend, backend, and REST API development, ensuring seamless platform functionality.

Openweaver   **Chennai (Hybrid)**
Web Developer Intern   **Feb 2024 - April 2024 (2 months)**
- Developed websites for multiple clients using a low-code platform, working closely with clients to tailor the sites to their specific requirements.
- Maintained regular communication with clients to gather feedback, ensuring that the final product aligned with their business needs and preferences.

GRIP - **Sparks Foundation**   **Virtual**
App Developer Intern   **April 2023 - May 2023 (1 month)**
- During my internship, I developed a Flutter app with integrated social media login options, including Google Sign-In, Facebook Sign-In and email sign-in, ensuring secure and flexible user authentication.

ACHIEVEMENTS
